

Ferris Edward Jones Project groundbreaking

AUGUST 24, 2017

The Edward Jones project, located at 520 S. Central Ave, consists of an Edward Jones Investments firm to be located in Ferris. Currently, demand for these services not being met within our immediate area. The Type A Economic Development Corporation sold the property to Vincent Latour for this new development, knowing Edward Jones would provide needed services in Ferris and property tax revenues will help the Ferris local economy by providing better streets, emergency service protection, and local government services. The new building will be approximately 1,300 square feet. Tentative move-in date is Nov. 1.
